

10/20/2018

Dear Brothers and Sisters in Christ at Victory of the Lamb,

How great is the victory Jesus won for us through his perfect life, death, and resurrection! We are forgiven and have the right to be called children of God. We know we have a home in heaven, because Jesus made a home here with us. Until we get there he will continue to walk with us here. I share with you the joy of that victory as a blood-bought soul and a fellow child of our Heavenly Father. Though we have not met we have a strong and eternal bond.

It is my great privilege to hold the call to serve our Lord among you at Victory. Who am I in the Kingdom of God? I am yet another clay jar holding a precious jewel. I know the beauty and the power that is on display in the church, and it is not me. It is my privilege as pastor to remind you that Jesus love for us is fierce and beyond measure. He loves us even more than we know right now.

In the coming weeks it will be my privilege to ask the question, "Where best might I serve the Lord?" My humble desire is to seek first His Kingdom, knowing everything else will fall into place. I invite you also to seek first His Kingdom as we discuss and pray and consider ministry.

It will be my privilege to correspond with members of Victory in the coming weeks, and if you would like to contact me please feel free to do so. We can have fun talking about the supremacy of the Green Bay Packers, the Brewers hopefully winning a World Series, about life and ministry. I do not consider this correspondence a burden but a blessing. Pastor Bill has my contact information. (815.342.9231)/[pastorblumer@gmail.com](mailto:pastorblumer@gmail.com)

Your hearts like mine may be filled with anticipation and perhaps even anxiety over what is to come. Regardless of what is to come this I know... Jesus is still Lord of His Church and the chief cornerstone. Jesus is right now reigning above all things for the good of his Church. Jesus has won an eternal victory and so we too have already won, and will celebrate that victory for an eternity together. How great is our God!

In Him,

Pastor Dustin Blumer
